Disclaimers:

Not responsible for packages lost or damaged in shipping. Please wrap all items well and separate from each other to prevent damage in shipping. Return shipping is USPS Priority Mail. Insurance available upon request for additional charges. Normal sharpening turn-around times are 3-5 business days. Recommended calling prior to sending to check for any delays. Additional charges may be added due to issues found when servicing equipment (missing shear bumpers, worn blade cutters, missing parts, etc.) If additional fees exceed \$20, customer will be notified prior to work being performed. Customer understands that if shear sharpening costs are miscategorized on form, Groomer's Best Friend will correct order form and add it to customer total at time of service.
